DEPARTMENT OF CHEMICAL ENGINEERING & MATERIALS SCIENCE

OUR ALUMNI WORK WITH GLOBAL LEADERS

NOTABLE COLLABORATIONS

*Placements ongoing

B.TECH IN CHEMICAL ENGINEERING

Futuristic Curriculum with inputs from National and International Academia, Industry and Alumni. A strong focus is given to Undergraduate and Postgraduate education, along with an emphasis on socially conscious research. With funding from the Department of Science and Technology and Ministry of Education (erstwhile MHRD) for developing technological infrastructure.

RESEARCH

- *Research Grants to the tune of Rs. 21 Crores received from various government agencies*
- *Industry-sponsored research and consultancy amounting to Rs. 7 Crore*
- *Over 300 publications with an average impact factor of 2.9*
- *Thrust areas: Energy Materials, Process Intensification. Polymers and Nano-composites, Sustainable Resource Management*
- *Students are encouraged to participate in cutting-edge research with the proper guidance of the faculty members*

FACULTY

Eminent Faculty with postgraduate education and Ph.D from acclaimed institutions in India and abroad like University of Florida, Clarkson, EPFL, TU/e, IIT-B, IIT-K and a few more

INTERNSHIP

- Ample opportunities for the students to pursue internships at prestigious institutes/universities in India and abroad
- Scope for student exchange programs with foreign universities

FEATURES AND FACILITIES

- Chemical Engineering Oriented Lab Integrated Maths Courses, Project Based Learning, Chemical Engineering Software Development
- Advanced characterisation facilities under CoE-AMGT (Center of Excellence in Advanced Materials and Green Technologies)

FE-SEM CARL-ZEISS
GEMINI 300
