OUR CHANCELLOR
HER HOLINESS SRI MATA AMRITANANDAMAYI DEVI

OUR
GUIDING LIGHT AND INSPIRATION

“Children should be taught the art of relaxation, how to be at ease. If they don’t feel relaxed, how can they learn? Without relaxation, no real learning is possible. This is the first lesson that clearly needs to be understood. It is very important that parents & teachers understand this before they ask the children to do something”.

-AMMA

AMRITA SCHOOL OF DENTISTRY

Amrita School of Dentistry is founded on the highest principles, with an emphasis on service, compassion, charity and excellence through education. The blending of the vital ingredients of competence and compassion is an extension of the vision and inspiration of our founder, Sri Mata Amritanandamayi Devi, from whom we draw our strength and dedication and whose life exemplifies these high principles in every action. The nurturing of these values at the Amrita Health Sciences Campus complements a fine technical education by enhancing skills with a unique understanding and compassion for the patient. The faculty is dedicated to these sustaining values and has diligently worked on the curricula, techniques and methods that will be of the greatest help to the students.

PROGRAMS OFFERED

Diploma in Dental Mechanics

The two – year diploma course in Dental Mechanics is commenced during the academic year 2010 – 11. Amrita School of Dentistry is the first institution in the private sector in the state of Kerala to commence such a course with the approval of Dental Council of India. Diploma in Dental Mechanics is a two – year course after +2. This course is very demanding and remunerative. The curriculum includes diagnosing the dental problems of a patient, designing dental structures and dental accessories for a patient. In general, this professional works behind the scene along with the dentist to give the patients a perfect set of teeth. After the course a Dental Mechanic can work as assistants to dental surgeons for dental surgeries. The basic job revolves around assisting a dentist in making dental ceramics and also being responsible for the establishment of better dental care facilities in a clinic.
